Description:

Beyond its function as a lamp, Marset's Dipping Light seeks to excite. When it's turned on, its different shades of paint sift the light, creating a magical ambient effect. When it's off, its colored glass sphere is an object charged with beauty, and eye-catching design piece for a shelf, bedside, or table. This collection starts out in two sizes and several colours: green, amber, pink, white, black and blue. Each lamp illuminates with different shades of light depending on the paint colour, creating a wide range of ambient lights that can match any décor
