### **Description:**

La secrète by Ligne Roset is at once highly poetic and very functional, offering the possibility of storing, concealing even, one's objects in various recesses. The structure and interior fittings are made from walnut veneered MDF; the base is in solid walnut. There is a strut-mounted flap lid and a shutter on the top, which may be used as a writing surface while closed, plus a sliding document tray to the right and a space for 'bits and pieces' to the left.
