Description:

Sharing the plump characteristic of cushions, the Pillow Lounge by Vondom entices with its smooth, rounded surface. For something this beautiful, it isn't as delicate as it looks. Thanks to its 100% recyclable polyethylene structure, the chair can weather the sun's extreme UVI rays and any stormy day with no fuss. Available in matte or glossy finishes and a range of bright colors. RGB lighting can also be incorporated, a highly weatherproof system that can be used to create truly enveloping atmospheres.
